Learning and Achieving Together with God

## Sports Premium 2017-2018

At St Jude's C of E Junior School we pride ourselves on our extensive provision in Physical Education. We have welcomed the government's generous funding of Primary Physical Education and Sports Premium. This has given us extra opportunities to help our pupils fulfil their potential in PE and Sport and help raise the profile of PE as a tool for whole school improvement. We recognise the importance of each child's health and well-being.

### Our objectives:

- To ensure that all pupils have access to high quality physical education.
- To ensure all pupils have access to a broad, rich and engaging curriculum.
- To ensure all pupils have access to a wide and extensive range of extra-curricular activities.
- To support all pupils to develop a healthy and active lifestyle.
- To increase the opportunities for pupils to develop leadership skills.
- To increase the already high level of participation in festivals, competitions, leagues and tournaments.
- To ensure the health and well-being of all our pupils.
- To attain the Silver level of Sports Mark.

After completing another audit of PE and sport provision in the school and discussions within staff meetings, it was felt that our school priorities were to consolidate and continue to develop gymnastics, to provide sporting opportunities for our disadvantaged pupils and to construct a long-jump pit to help develop athletics within the summer term.
