

FRENCH

MFL Intent statement

St Jude's introduces the learning of the French language using the Language Angels Scheme. It offers a relevant, broad, vibrant and ambitious foreign languages curriculum that will inspire and excite our pupils using a wide variety of topics and themes. All pupils will be encouraged by high expectations and excellence in French - the ultimate aim being that pupils will feel willing and able to continue studying languages beyond Key Stage 2.

Content and coverage are reviewed annually, creating a dynamic programme of study that will ensure the foreign language knowledge of our pupils progresses and is extended year upon year and will always be relevant and in line with or exceeding National Curriculum requirements.

The four key language learning skills; listening, speaking, reading and writing will be taught and all necessary grammar will be covered in an age-appropriate way across Key Stage 2. This will enable pupils to use and apply their learning in a variety of contexts, laying down solid foundations for future language learning and also helping the children improve overall attainment in other subject areas.

We intend that all pupils will develop a genuine interest in and positive curiosity about foreign languages, inspiring them to become life-long language learners. Learning a second language will also offer pupils the opportunity to explore relationships between language and identity, develop a deeper understanding of other cultures and the world around them with a better awareness of self, others and cultural differences.
