

MUSIC

Music Intent Statement

Fostering enjoyment of music is key in developing our musicians. By exposing pupils to a wide variety of music, during assemblies and in lessons, we intend to immerse them in different genres of music over a period of history and to open their minds to the possibility that they too can become a musician.

The long-standing collaboration we have with Egham Band enables all pupils to be skilfully taught how to play a brass instrument and offers many opportunities for performing to an audience. Along with cornet, baritone and trombone, we teach our pupils to play recorder, ukulele, glockenspiel and a number of percussion instruments. They also have the opportunity to access individual tuition via Surrey Arts or our own teachers on drums, stringed instruments and piano.

Singing, which is at the core of our pupils' music experience, provides a means of expressing emotion and telling a story. We seek to develop self-confidence through performing to others, thus enabling pupils to be brave, take risks and make mistakes in a collaborative environment.

Technical knowledge is developed across the key stage and pupils leave us having been taught how to read music in the treble clef, including staff notation and some of the vocabulary of dynamics.
