

## ART

### Art Intent Statement

Our art and design curriculum is designed to engage and inspire children while developing and fostering creativity. Children are equipped with the knowledge and skills necessary to experiment, invent and create their own works of art, craft and design while being challenged and given the support to reach their potential.

Our art and design curriculum is taught using cross curricular topic links in an enriching and purposeful way. Our pupils are encouraged to develop their own artistic skills through a range of different mediums and to become proficient in: drawing, painting, sculpting, collage and printing while learning about great artists, architects and designers.

YEAR	AUTUMN 1	AUTUMN 2	SPRING 1	SPRING 2	SUMMER 1	SUMMER 2
