

# DT Projects 2023-24

## Year 4 – Autumn Term

### Fresh Food, Good Food

Year 4 produced a healthy snack as part of their DT project (Fruity popcorn or a Rainbow fruit skewer). They studied why it is important to keep food fresh and then looked at food packaging in more detail before they made their snack and evaluated it.

Year 4 made their own packaging for their healthy snack. They included best before dates, use by dates, bar codes and the country of origin, etc.
